**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Contemplate the Heart of Christ and in It His Saintly Chalice.

This is the Chalice of your redemption and of the redemption of the world. Inside is found the Blood that was shed on Calvary as well as on the Cross; Blood that represented the absolute surrender of God through His Son; Blood that multiplies within all tabernacles of the world to enter the interior of all beings and transform their human condition; Blood that carries within It The Codes of the New Life, of Christic Love, Love of God renewed in His Son; Blood that is poured over the world when the souls cry out sincerely; Blood that entered the interior of the Earth to seal the alliance between this Divine Project and its Creator, decreeing Its perfection and Its manifestation during the end of cycles.

This is the Blood that Gives Life, not only to humanity but to the entire Creation. This is the Blood that divinizes you because it manifested, in human flesh, the presence of God and turned alive the likeness of the Creator to His Creatures.

This is the blood that is surrendered every day at the altar; it is the Blood that converts the elements of the Earth; the Earth that by this very blood has become sacred.

Revere, today, the Chalice of the Lord so that you will be a knower of His Mysteries. In the Holy Chalice the Blood of Christ is kept, and that of all those who once drank from it and reached levels of Christic Love within.

This is the Chalice that unites you to God; the mystery manifested of the Divine Love. If you only contemplate it with love, your spirit, soul and heart will be communing with It.

If you drink from the Blood and eat from the body of Christ, all of your being communes with His Life, with the New Life, the Love and the perfection of God.

Today and always, child, revere the gift of the surrender of God through the Eucharist. Inside of It is found alive the Love that your Creator felt when manifesting Himself, in this life, descending to the smallest of all dimensions to open the path for supreme unity with His Spirit

Drink from His Blood and eat from His Body, thus crossing the dimensions that separate you from God and returning to His Eternal Heart.

Your Father and Friend,

The Most Chaste Saint Joseph
