Daily Message received during the journey from Santa María to Porto Alegre, Rio Grande do Sul, Brazil, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús

Dear children,

True prayer has a greater effect than hundreds of weapons of war.

The power of prayer stops serious processes of planetary self-destruction. It fosters the expansion of love as a universal current and draws those who pray closer to the Source of the Grace of God.

True prayer is that which is born from the heart, it is free of personal intentions and the search for immediate results.

True prayer ignites the mirror of the soul and prevents corrosive spiritual illnesses, frees those who are imprisoned from captivity, and calms the human heart.

The power of prayer dissolves illusions, clarifies mental discernment, and attracts ideas that are formed in Heaven so that these may be concretized through the assistance of the servants of God.

Prayer offers a transmuting, purifying and elevating stage for aspects of the being. It places us in the correct coordinate and dissolves any nearby interference; it helps transcend fears and creates a powerful and protective spiritual wall against the main capital sins.

True prayer awakens peace, the equilibrium of emotions, and neutralizes darkness until it is overcome.

It connects us with the Primordial Source of God and opens the doors so that the angels may protect us and intervene in cases impossible to solve through human action alone.

Prayer unites us with spirit to be in communion with the Heights.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
