Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

To transcend the human condition in these times will be a challenge to be overcome through love and determination.

With courage, look to see how much there is to still be transformed and break the barrier that separates you from the truth. That barrier is formed by preferences, desires and gratifications and, day after day, it is consolidated by the collective of humanity itself.

Every human condition can be worked on when compassion awakens within you, capable of going past the limits and abysses in which the human consciousness frequently decides to be.

In this hour, in which all lessons are allowed, I ask you, dear children, to unite with what you truly are, without looking into the past, because everything can easily influence you.

I invite you to penetrate the mystery of love, for in that love you will find Christ and you will be protected.

The Source of Divine Love awaits you.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
