**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

By means of the merciful prayer of the three in the afternoon, day by day I come so that through My Precious Blood your hearts and the hearts of the entire world may be washed from every stain.

I come at three in the afternoon through My Water in order to purify your souls from desires and from self-love.

I also come at three in the afternoon through My Soul in order to unite what the enemy cunningly separates from My ones, what I call the love in the heart.

For this at three in the afternoon you are required to make an effort so that out of love and redemption you may receive the merits of My Glory and of My Resurrection. I invite you to spiritually make use of the gifts of My Heart and to find in them the quick exit from this material world.

Now unite yourselves to Me in spite of every circumstance and be good instruments between My Hands because now is the moment to renounce that which has passed and it is time to be renewed by means of the presence of My Spirit. Those that proclaim the importance of the hour of My Mercy will be quenched by My Love and will drink with Me from the chalice of reparation for the next time.

Encourage yourselves for a moment to be part of the Supreme Will so that you may perceive the perfect design that the universe realizes in your hearts, in the hearts open to My Glorious Heart.

May the entire world be helped in this time through the merciful prayer of all praying beings.

Under the Victorious Light of God, be blessed.

Thank you for guarding My signs in the heart!

Christ Jesus.
