

Father of the Universe

Father of the Universe,
Who has created Your children in Your likeness,
Who has awakened in them the true essence of Purity
and Who has promised Eternity since the beginnings.

Father of the Universe,
have Mercy on all My children,
trust that I shall rescue them and elevate them towards You
so that together we may eternally praise Your Name.

By the Mission of Peace
that you have entrusted to the Universal Mother,
Today I pour My Graces upon all of humanity.

Amen.
